

SWEET PAPA JOHN

They call me sweet papa John
My candy's known for miles around
They call me sweet papa John
My candy's known for miles around
If when you lick it
Make my love come tumbled down, (Yes I do)

They call me sweet papa John
'Cause my candy is the best
They call me sweet papa John
'Cause my candy is the best
I melt right in your mouth
I sure don't leave me no mess

My candy cane is hard
Dripping honey right through your door
And once you have one piece
You're bound to need some more
They call me sweet papa John
'Cause my candy is so strong
Baby, when you taste it
It's bound to tempt you all night long (All right)

They call me sweet papa John
'Cause my candy is the so strong
They call me sweet papa John
'Cause my candy is the so strong
Baby, If when you lick it
It's bound to tempt you all night long
