

SWEET SWEET SURRENDER

Shine, shine on brightly.
Take away the night
We'll float oh so lightly.
On the morning bright.

Sweet sweet surrender.
Come to me now.
So warm and tender.
I will show we how.

Take a ride on a daydream.
Taking you nowhere.
It's all such a bad scheme.
I know cause I've been there.

Sweet sweet surrender.
Come to me now.
So warm and tender.
I will show we how.
